RE: LAPSED PERMIT NO. 85-7645

Dear Permit Holder:

The department is in receipt of the proof of beneficial use statement and the license examination fee, which you submitted to the department on August 21, 2003, in connection with the above referenced lapsed permit.

Since the proof was received after the 60-day lapse period, the permit can be reinstated only if you submit the following information for department consideration:

- ▶ **Two (2) pieces of evidence** to show that beneficial use of the water did commence and to show the extent of the use of water during the authorized permit period, i.e. from the time the permit was issued until the proof due date (April 28, 1998 to May 1, 2003); and
- ▶ Reasonable cause why the license examination fee was submitted late.

In order to provide me the necessary evidence, you may submit drilling records, receipts from equipment purchased and/or installed, or any other evidence that clearly shows it is in reference to this well or the water system for the subdivision and golf course.

The department will maintain the proof of beneficial use for **30-days** to provide you the opportunity to submit the required information. Please be aware that this permit is **lapsed** and is of no force nor effect unless it is reinstated.

If you have questions regarding this matter, please feel free to contact me at (208) 327-7953.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
