RE: Application for Transfer 74188, Water Right Number 75-45C

Dear Mr. & Mrs. Reeves:

Enclosed is a copy of the first page of your change of ownership form you submitted on October 24, 2007. Prior to your change of ownership, the Cardin's had filed an Application for Transfer 74188 on the property you now own. This transfer was to correct what they had changed to their point of diversion back in 2001. We were unable to process the transfer until December 2007, so this application had been sitting here in our office for over six years.

This transfer is ready to approve, but now that you are the new owners of this property we need your permission to approve this change and put it in your name. If you agree with this change, please sign the enclosed signature page. Please note that you **DO NOT** need to sign it in front of a notary. Then **return the signature page** and we will finish the process of this application for transfer. You will receive a final approved transfer in the near future after we have it all approved.

If you have any questions regarding this process, please feel free to contact me.

Sincerely,

Sharla Cox
Administrative Assistant
