RE: Change in Ownership for Water Right No. 34-590B

Dear Interested Parties:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. During our review of the documentation submitted I discovered that the warranty deed indicates you acquired 2 acres of land located in T04N, R26E, Sec. 9 in the NE $\frac{1}{4}$ NE $\frac{1}{4}$. The water right covers 3 acres of land. It appears that a division of the water right is required. I have enclosed a copy of the water right for your reference.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. We have determined that the filing fee for your notice could be an additional \$75 if the water right needs to be split.

Please note that I have also enclosed water right reports for two other water rights located in that same area. Each water right is for domestic use of one home and has a parcel number noted. It is quite possible that one of these water rights should go to you and one to the neighbor which owns the other acre of property to the east of you. Please advise in writing if you would like to add one of these water rights to your Notice of Change in Water Right Ownership and include the \$25 fee for processing.

Because the Department cannot process the ownership change without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary fees. If we do not receive the necessary fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact me at 208-287-4952 if you have any questions.

Sincerely,

Emalee Rushing
Office Services Supervisor
