Mr. Summers,

I received your email. I'll place a copy in your water right file and route it to Jeff Peppersack when IDWR receives your letter. Thank you for keeping us informed.

Subject: Water right 23-11333

Today Ronald D Carlson, Ernie Carlson met with me at the IDWR office Idaho Falls. They in conjunction with Lyle Swank determined and agreed that Pine Creek, upon which my License, 23-11333 applies, does not flow to the Snake River; nor does Antelope Creek inasmuch as it has a reservoir containing the flow above the confluence with Pine Creek. Mr. Swank is placing a letter in our file that precludes us from being required to rent water with our license. Ronald Carson suggested that I write a letter to IDWR Boise to the attention of Mr. Gary Spackman requesting that the condition on referenced license, requiring that we rent water be removed from the license. Shelly, I kindly request that this information be provided to Mr. Jeff Petersack and Gary Spackman. Also, please acknowledge receipt of this e mail and I will follow up with a personal letter regarding the above stated request.
I sincerely appreciate your kind attention to this matter.

Thomas J Summers, Jr.
