

MEMORANDUM

To: File – 65-23147 & 65-23187
Date: January 14, 2008
Subj: Legal Notices / Affidavits 

On December 24, 2007, the legal notices for the above referenced water rights were submitted to the Independent Enterprise in Payette County. The ads were scheduled to run on January 2nd & 9th, 2008. On January 11, it was discovered that the protest deadline that was set for these applications was set on a holiday, therefore invalid. It was set for January 21st. It should have been set for the 22nd, therefore they will need to be published again.

On the same day, we received the affidavits & invoices for these publications however, one of them was incorrect. Both invoices had the newspaper clipping for 65-23147 attached. One was for \$82.88 and the other was for \$85.12. After talking to Lisa at the newspaper, it was discovered that they had published the ad for 65-23147 twice, instead of publishing both ads. She indicated that she would not charge us for one of the ads, and we should only pay the invoice with the lesser amount of \$82.88.

Due to our clerical error regarding the protest deadline, and the newspaper's publishing error, both of these ads will be ran again on January 16th & 23rd, 2008. In the end, we will be paying for three (3) publications.
