Re: Water Supply Bank Application

The department received a request to extend the lease and rental agreements for the Blue Lakes Country Club for five years. The rights were leased and rented through the bank from 2003-2006. As per a discussion with Jeff Peppersack, the department will advertise the application and request Board review if the total rental period exceeds five years. I left a telephone message with Attorney Travis Thompson to clarify the long-term intentions of the applicant and to notify him that the department will review the applications and obtain watermaster comments for one additional year, but will advertise the application if they wish to rent beyond the 2007 irrigation season.
