Re: transfer evaluation

This transfer proposes to move the well to a location next to the place of use for this ground water right.

Authority to File:

Applicant is the attorney of record as far as the SRBA decree. He would have power of attorney to sign this transfer.

Water Right Validity:

This water right was decreed in the SRBA in 2001. Air photos from 2004 show it to be irrigated. Forfeiture is not an issue.

Injury to Other Water Rights:

Inside the ESPA area and in Water District 34. The new well is within the same model cell, no groundwater model analysis is needed. Watermaster will comment. Transfer will be advertised to determine any protests.

Enlargement of Use:

There is no evidence of enlargement of use.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
