SUBJECT: Interstate Concrete and Asphalt Water Rights Application

Dear Keith:

Enclosed please find the referenced application requesting to appropriate groundwater intended to serve a quarry site for the purposes of concrete production. Consistent with the water right application previously approved (No. 96-09313), the enclosed application is for "industrial" purposes, with a requested appropriation of 0.67 cfs. As the project representative, please forward all correspondence to my attention at the Sandpoint office noted above.

I appreciate your assistance.

Sincerely,
