Re: Application For Permit to Appropriate the Public Waters of the State of Idaho

Dear Mr. Gee:

In processing your recently submitted application for a water right, the Idaho Department of Water Resources (IDWR) determined, the well you plan to use for your project needs to be updated. In 1993 Ponderosa Drilling only purchased a domestic drilling permit for the sum of \$35.00. If the well were going to be used for any other purpose such as irrigation, the fee would have been \$200.00. Since your application is for the irrigation of 4 acres, an upgrade fee of \$165.00 is required.

Please submit the upgrade fee to the Coeur d' Alene office as soon as possible, for the application cannot be finalized until the fee is paid. When submitting the fee, please make reference to Application For Permit # 95-9423 and if you have any questions, feel free to contact me at this office.

Thank you.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent
