RECEIVED

DEC 26 2007

Department of Water Resources
Eastern Region

Dear Mr. Carlson:

I would like to request that the transfer of my diversion point be withdrawn. Originally we were hoping to move my diversion up stream and move the Weeks diversion a short distance down stream to create a combined diversion with fish passage, fish screen, and a combined ditch and split the ditches after that. For reasons that can not be explained Travis Weeks doesn't want to move his diversion therefore it is now not possible to build the combined diversion point.

Please be aware that we were working with Trout Unlimited (TU) and Matt Woodard on this project and that TU had paid for the transfer, therefore any reimbursement should go back to them once that occurs.

Thanks very much for your attention to this matter. If you have any questions please feel free to call me at 208-313-3037

Sincerely,

Celeste Beam
