***RE: REQUEST FOR ADDITIONAL TIME TO SUPPLY ADDITIONAL
INFORMATION FOR OBENDORF TRANSFER APPLICATION***

Dear Ms. Hofstetter:

I reviewed your request for more time to supply the additional information for the Obendorf transfer on water rights 51-2174 and 51-7104. I had forgotten when we spoke that you have already requested a 30-day extension to supply the information needed. I can only grant extensions up to one year without seeking administrative approval. However, it does appear from our conversations that the full year extension will probably not be needed. I am confident that Mr. Young will have the remaining items within the next month or two, so I feel the amount of time that I can grant without going through the administrative approval process should be sufficient.

Therefore, I will grant an extension until 11/2/2006. If the information is not received by this date, you will be asked to supply the information, or make a formal written request for additional time. I will contact you at that time to discuss what will be needed at that time to continue the transfer process if needed.

If you have any questions or concerns please contact me at the above address.

Respectfully,

A handwritten signature in cursive script, reading 'Daniel A. Nelson'.
