Re: Application for Transfer for Greg Obendorf on Water Rights 51-2174 and 51-7104

Dear Mr. Nelson:

As you suggested previously, I request an extension of time of up to one year in connection with the above-referenced matter. As you know, two issues remain to be addressed: 1. consumptive use/diversion volume; and 2. general plan and location of proposed ponds. While we do not anticipate that this much time will be necessary to resolve these issues (Mr. Obendorf hopes to have the ponds operation by Fall 2006), we understand that IDWR is convening a Transfer Task Force next week and some direction from the Task Force may be useful in addressing the consumptive use/diversion volume issue. Please let me know if you have any questions or need any additional information regarding this matter. Thank you.

Sincerely,
