RE: APPLICATION FOR TRANSFER FOR GREG OBENDORF

Dear Ms. Hofstetter:

I have received your correspondence requesting an additional 30 days to supply the information in my 10/31/2005 letter. Your request is granted. You will have until 1/2/2006 to supply the information required for this transfer.

I would also like to respond to the remainder of the content of your letter. Mr. Young is more than welcome to come visit with me concerning the application. Please have him call me to set an appointment at his earliest convenience. I have included the ownership documentation with your application for transfer. I have received the fax copy of the revised statement, however, I will need the original copy. It appears from the fax, that the original has already been mailed.

I will not be able to continue with processing the application until all of the information in my letter has been addressed. Therefore, it may be easier to submit everything at the same time to avoid things getting lost in the mail or mislaid. That way everything would come in a single package and it will be easier to keep everything together.

If you have any questions or concerns please contact me at the above address.

Respectfully,

A handwritten signature in black ink, appearing to read 'Daniel A. Nelson', with a long horizontal flourish extending to the right.
