Subject: Place of Use for 27-7577 City of Blackfoot

Nate,

On the draft license you created for 27-7577, the recommended POU matched the permitted POU -- 364 acres. However, the shape saved in SDE is only 292 acres. Did you intend to recommend only 292 acres, or is there some land that should be added to the shape? I did not find a POU map in the file with the field report.

Call or email. 287-4947
