RE: Change in Ownership for Water Right No. 61-4123E & 61-10264

**COPY**

Dear Water Right Holder(s)

The Department of Water Resources acknowledges receipt of the additional information you sent regarding the above referenced ownership changes. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

- ☒ **Evidence of Water Right Ownership:** copy of Warranty Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question.
- ☒ **Legal Description of Property**

The legal description on the deeds provided does not include property shown in WR 61-4123E as the place of use. I have enclosed a computer report for WR 61-4123E with the place of use highlighted. In order to claim ownership to this water right, you must provide evidence of ownership for the place of use.

You have also submitted to our office a quitclaim deed corresponding to WR 61-10264. In order to process this ownership change, we will require that you complete our ownership change form. I have enclosed a copy to be completed and returned to our office as soon as possible.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information **within 30 days** we will return your notice and all attachments and your notice will not be processed.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage (<http://www.idwr.state.id.us>) on the Internet to obtain the proper forms and instructions.

If you have questions, please contact me at 208-287-4962.

Sincerely,

Kandice L. McDermott  
Records Analyst
