RE: Change in Ownership for Water Rights 85-12417, 85-11919 and 79-10012

Dear Mr. Moore:

The Department of Water Resources acknowledges receipt of the Assignment of Permit you submitted on behalf of your client Kaschmitter Farms, LLC.

Because these water rights are no longer in the permit stage, a Notice of Change in Water Right Ownership form will be required to complete the ownership change. Enclosed is an ownership change form for your use. We are returning the paperwork that you sent as we only require the completed ownership change form, filing fee, and proof of ownership such as a deed to process the change.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. We will apply the \$75 you already submitted towards the new request.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact the Department if you have any questions.

Sincerely,

Cherie Padilla
