I think the conditions cover the potential impacts or concerns similar power projects in the area have created. Good job.

Tim and Allen,

Do you have any suggestions for the attached permit? Its for the new hydro plant Bill Arkoosh has proposed on the Little Wood.

The conditions are a mishmash of FERC requirements, watermaster suggestions, and IDWR standards.

I also discussed the draft permit with Jeff Peppersack and Tim Luke on 12/19/2007. Both of them were comfortable with the permit as drafted.
