Re: Transfer (Split) of Water Right No. 63-144C – Nagy Springcreek to Coast 2 Coast

Dear Steve:

Thanks for your help on the telephone yesterday providing me an update on the status of the above-captioned transfer.

I have obtained a copy of the transfer application from Toothman Orton. I note that the "Part 2" description of the remaining portion of Water Right No. 63-144C simply says "Remaining Right" and does not quantify that remaining portion. I want to make certain that your quantification matches up with ours, which is reflected in the following table:

Table 1: Summary of Water Right							
	Water Right or Portion Thereof	Acres in NE NE	Acres in SE NE	Total Acres	Acre-feet per Acre	Total Annual Volume (acre-feet)	Total Diversion Rate (cfs)
1.	63-144C	23.0	2.0	25.0	4.5	112.5	0.76
2.	Portion of 63-32125 committed to mitigation	11.7	0.0	11.7	4.5	52.7	0.36
3.	Portion of 63-32126 committed to mitigation	2.4	0.0	2.4	4.5	10.8	0.07

Mr. Steve Lester
February 24, 2006
Page 2

4.	Balance of 63-144C after mitigation	8.9	2.0	10.9	4.5	49.0	0.33
5.	Balance of 63-144C after mitigation, less 2.2 acre-feet	8.9	1.5	10.4	4.5	46.8	0.32
6.	Portion of 63-144C reserved to Seller	0.0	0.5	0.5	4.5	2.2	0.01

The portion of the right being transferred to Coast 2 Coast, L.L.C. is reflected in row 5. Row 6 shows the remaining portion of the right reserved to the current owner, Nagy Springcreek, L.L.C (after previous allocations for mitigation purposes). When you get to the point of processing this application, would you please confirm that these numbers are consistent with your calculations? Thank you.

Sincerely,

Christopher H. Meyer
