Date: December 06, 2007
To: Water Right File 67-14758
From: cpadilla
Re: Permit Review

WD-67

Protests have been withdrawn w/o terms

No overlaps

Watermaster does not object to application

This application is for two off stream ponds that will water stock and contain fish for recreation purposes. The ponds together will not exceed 1.5 af. Letter sent to F&G but no response, I will recommend the applicant contact fish and game about their proposed project since they plan on using these as fish ponds but it was not necessary for approval of this permit.
