RE: In-house use restriction on the license

On Friday, December 7, 2007, Mike Bennett left me a voicemail expressing concerns about License 31-7655. This morning I spoke with Mr. Bennett on the telephone. He explained that he uses water for some sprinkling around the house. Therefore, he is concerned about the license condition stating, "Domestic use is for 1 home and does not include lawn, garden, landscape, or other types of irrigation." The field report states in item F.2 that the examiner found no irrigation in connection with the home.

I asked Mr. Bennett to send me a letter describing his outdoor use. He said he did not petition for reconsideration earlier because the license approval notice just reached him. He is in Arizona for the winter.
