RE: Applications for transfer 73038 and 73039

Dear Mr. Rosa:

Our Department currently has two pending water right transfer applications submitted by Brockway Engineering in your name. One application (73038) involves property located in the NW ¼ of Section 10, Township 06 South, Range 15 East and the other (73039) involves property located in the NW ¼ of Section 14, Township 06S, Range 15E. You indicated you may have sold the property in Section 10 and may no longer wish to pursue this transfer. If this is true, please submit the enclosed Withdrawal Form for 73038. We still need the deed showing you own the property in Section 14 if you wish to pursue transfer 73039.

This letter serves as notice that the Department will hold further processing of your applications for 30 days to allow submittal of the required information. Additional time may be granted by the Department upon receipt of a written request and sufficient justification for an extension. After that time, if adequate information is not received, the Department will issue a preliminary order to reject or deny the applications.

If you have any questions, or if I can be of any further assistance, feel free to contact me at your convenience.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeanie', is written over a printed name and title.

Jeanie Robertson
Water Resource Agent
