Subject: FW: Edward Rosa transfer 73038...

I am resending this message because I have never heard from anyone yet. Boise is working with me on the Rosa transfers now so they could be eligible for advertising soon and I thought we'd better get this taken care of. **What I need is some documentation that Edward got the existing dairy site in Section 10 in the divorce.** I have also noticed that the well in the original decreed right 37-11200 was decreed in the NESWNW but the application and map show the well in the SESWNW. We show actual GPS points at both locations. Was the well decreed wrong and this is a correction or is the backup well being changed from the NE to the SE? Please get back to me so I can get back to Boise and we can get these to advertising! Thanks, Jeanie

Subject: Edward Rosa transfer 73038...

Hi,

Two transfers were submitted by Daren so I am not sure who has them now. Anyway, I picked them back up and have been working on them again. Transfer 73038 (Dairy #1) is for rights 37-7009 (split into three parts: 37-21645, 37-21646, and 37-21647) **and right 37-11200.** (This is the existing dairy to which extra water is being moved.) The transfer applications were submitted in the name of Edward Rosa but our records show both Edward and Karen. Daren said they were now divorced so he enclosed a quitclaim from Karen to Edward. It was specifically for 37-7009 and 37-7447A, which are not appurtenant to the SWNW of Section 10, T06S, R15E where 37-11200 is located and does not mention right 37-11200. I can't seem to find anything that puts that in Edward's name alone, even when I looked through protested transfer 72468. Can you provide any documents which show Edward got this property in the settlement? I am sure Boise will insist on something. Thanks, Jeanie
