Subject: Notice of Change in Water Right Ownership--Sage SGI, LLC

Dear Mr. Lester:

Enclosed on behalf of Sage SGI, LLC is a Notice of Change in Water Right Ownership, a copy of the Warranty Deed with attached legal description, a graphical representation of the legal description prepared by RiveRidge Engineering Company, and an aerial photograph showing the places of use and points of diversion as delineated in GIS files obtained from your website.

Please note that although the shape file for the place of use for water right 65-7576C includes the entire quarter quarter sections of T18N R02E Section 36 NW SW and SW SW (which includes land owned by Blackhawk Ranch lot owners and land owned by Sage SGI, LLC), the water right only authorizes irrigation of 9 acres in the NW SW and 12 acres in the SW SW. Based on the attached figure, it appears that these acres are located within the area purchased by Sage SGI, LLC.

Similarly, the shape file for the place of use for water right 65-7653E includes the entire quarter quarter section of T18N R02E Section 36 SW SW (which includes land owned by Blackhawk Ranch lot owners and land owned by Sage SGI, LLC). However, the water right only authorizes 12 acres of irrigation, which appear to be located within the area owned by Sage SGI, LLC.

A check for \$175 is enclosed to the cover filing fee for ownership changes on seven water rights. Please contact me at 383-4140 with any questions.

Sincerely,

Jennifer S. Sukow
