RE: Water Right (63-32059) Transfer 71813 Extension

To Whom It May Concern:

I'm writing to seek an extension of one year on transfer 71813. Part of the conditions of the transfer was that a well must be installed prior to one year following the approval of the transfer. Conditions with Canyon County Planning and Zoning and subsequent agencies did not permit us to complete the split of the land parcels until October 2007. Without the legal split from Canyon County we were not able to drill wells.

We are now into the winter months and I'm requesting that an extension be granted until December 2008 for the well provision. I'd like to wait until spring to drill the well.

Thank you,

Jason Oswald
