Re: S.O. Review

There are some discrepancies between the transfer approval and the application and notice of advertisement. The application and notice of advertisement list the pou in the NENW Sec18 T21N R22E, while the transfer approval lists the pou in the NWNW Sec18 T21N R22E. Transfer approval is based of the adjudication recommendation, application and notice of advertisement reflect the adjudication claim. Also the taxlot information supplied with the application lists it as 21N22E183006, ArcView lists the taxlot for the applicant as 21N22E183007.
