Re: S. O. Review

There are differences in the pou description between the adjudication claim, recommendation, transfer application, transfer approval, and the notice of advertisement. The claim alone lists the pou as 9.5 acres in the NENW Sec18 T21N R22E. Both the application and notice of advertisement show the pou as 9.5 acres in the NWNW Sec18 T21N R22E. The recommendation and approval list the pou as 3.5 acres in the NENW Sec18 T21N R22E and 6.0 acres in the NWNW Sec18 T21N R22E. Transfer does not change the pou.
