Oops —

I recently purchased the attached referenced property from Donald Baugh. After getting the assignment of permit form I sent it to Don and he promptly got it signed, notarized and returned to me. As I do with all important paperwork and so that it doesn't get misplaced I promptly scanned it and then shredded it... oops.

Hopefully the copy I have enclosed will work for you. Should you need to contact Don his phone is 208-798-4675 and my phone is 208-660-7066. If this won't work please mail me a new assignment of permit form and I will chase everything all over again.

Thank you for your consideration.
