Re: proof date

On 5/14/07 Deb Gibson received one proof of beneficial use form for both A and B portions of this right and \$50 from HDI Inc. toward the exam fee. She instructed them to redo their forms using a separate form for each right and corrected proof forms were submitted approximately one month later. However, sufficient fees were submitted on 5/14/07 to establish the priority date for one of the rights. Unfortunately in her letter of May 22, 2007 to Rick Woods, Deb Gibson credited the wrong right. 85-7626A is the larger split (0.80 cfs and 80 acres), and it required the larger fee. 85-7626B was the smaller split (0.20 cfs and 20 acres). I discussed this with Jeff Peppersack and he was willing to set the priority date for 85-7626B to the date HDI first submitted proof of beneficial use.
