

MEMORANDUM

Date: November 15, 2007
To: Water Right File 85-7626B
From: medl
Re: license review

This lapsed permit was reinstated 11/9/2007.

I created POD and POU shapes based on aerial photography submitted with the request for reinstatement.

I completed a Beneficial Use Field Report in conjunction with my review of the documents submitted for permit reinstatement. Bureau chief Jeff Peppersack gave the ok to bring this permit to license.

Verified that POD is not in the Lindsay Creek GWMA.
