### PROOF ACKNOWLEDGMENT LETTER

**RE: PERMIT NO. 75-7594**

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form (proof) submitted for the above referenced permit. The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use of the water, and that it meets the permitted beneficial use. However, the following two paragraphs explain two matters that concern me about your proof.

During my review of your proof and the conditions of this permit, I found that this permit allows development of seven (7) acres of irrigation. No other uses are permitted. Therefore, according to the proof statement you filed you have developed two (2) domestic households. These two domestic uses are not covered by this water right permit. For your information, I am enclosing a copy of the permit for your reference.

Additionally, during my review of your proof I note that your mailing address has changed. I have made the change to the database and that change is reflected in the address above. Be advised that Section 42-248, Idaho Code requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office or from the department's website at [idwr.idaho.gov](http://idwr.idaho.gov).

If you have questions concerning the field examination or the conditions of the permit, please contact the **Northern** Regional Office of the department in Coeur d'Alene at (208) 762-2800.

Sincerely,

Deborah J. Gibson  
Administrative Assistant
