RE: Request for Extension of Time -- Twenty Mile South Farm Water Rights
(Water Right Permit #63-12461- Additional Check)

Earlier this month we submitted a Request for Extension of Time to provide additional time in which to submit proof of beneficial use for a water right permit. The request addressed two water right development permits 63-12461 and 63-12470, however, at the time we submitted a single check in the amount of \$50.00. Subsequently you made us aware the \$50 fee applied to each permit, and that the original check would be applied to permit number 63-12470.

Enclosed is an additional check for \$50 for processing the 63-12470 request. Please contact me if you have any questions. I can be reached by phone at 384-3900 or by e-mail at rredmond@cityofboise.org. Thank you.

Sincerely,

Ron Redmond, P.E.
Assistant City Engineer
