RE: Change of Ownership for Water Right 63-21004

Dear Water Right Holders:

The department acknowledges receipt of correspondence changing ownership of the above referenced water right to you. The department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

While reviewing the property description, I located a water right which has part of its location on your property. I have enclosed a map and report of the right. Should you want to change the ownership into your name, a \$100 fee would be required along with another Notice of Change in Water Right Ownership form. If the other 3 owners of the water right submitted an ownership change along with their deeds together with your request, the fee would be \$100 for all. Otherwise, each ownership change submitted at a different time would require a \$100 fee per request. Each portion of the water right would have a combined use limit of .01 CFS for stock water and the quantity would be limited to a combined use of 13,000 gallons per day.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Emalee Rushing, Office Services Sup.
