

## MEMORANDUM

**Date:** November 14, 2007  
**To:** Water Right File 95-9121  
**From:** medl  
**Re:** license amendment

---

On October 10, 2007 I drafted a license amendment for this water right which addressed a change in the POU.

On October 22, 2007, I received a phone call from the permit holder. She had reviewed the license amendment documents and had some questions about the volume and rate numbers which prompted me to review the calculations for this license one more time. I found an additional error in the volume calculation for the irrigation use. I told the permit holder that I had found an error and that I would need to redraft her license amendment and send the corrected amendment to her for her signature. I drafted the corrected amendment to the license on October, 23, 2007.
