The above-captioned stockwater rights were claimed on behalf of the United States Department of Interior, Bureau of Land Management (United States) pursuant to federal law based on Public Water Reserve (PWR) 107 and also based on state law. The claims were included in the *Basin 79, Part I, Reporting Area 24, Director's Report Irrigation and Other Uses*, filed on January 23, 2006. No objections were filed to the claims.

A hearing was held on November 20, 2007, as required by I.C. § 42-1411A(14), for the purpose of allowing the United States to demonstrate a *prima facie* case regarding the existence of the above-captioned water rights established under federal law. At the close of the hearing, the Court ruled that the United States had met its burden of establishing the existence and elements of a federal reserved water right pursuant to PWR 107 for each of the above-captioned water right claims.

THEREFORE, IT IS ORDERED that water rights **79-14015, 79-14017, 79-14025, 79-14028, 79-14029, 79-14032, 79-14033, 79-14034, 79-14035, 79-14037, 79-14040, 79-14041 and 79-14190** are hereby decreed as set forth in the attached *Partial Decree[s] Pursuant to I.R.C.P. 54(b)*.

IT IS FURTHER HEREBY ORDERED that any concomitant state-law water right claimed in the alternative for the above-captioned rights not be confirmed in any partial or final decree entered in the SRBA, Case No. 39576, in whatever form that final decree may take or be styled.
