Re: Application for Permit 71-7170

Dear Applicants:

As you recall our office is processing the above referenced Application for Permit that seeks to appropriate 0.30 cfs of water from the Salmon River. Our office received a letter (copy enclosed) from the Sawtooth National Forest indicating that you have no authorization, or application for authorization, to use the proposed diversion point and conveyance works (ditch) located on the National Forest property. As of this date, we have not received any response from you relating to this particular matter. Our office requests your cooperation in providing one of the following...

- Copies of information, such as an approved easement or special use permit, showing that you have authorization to use the proposed diversion point and conveyance works (ditch) located on the National Forest property.

Or

- Copies of information, such as applications for special use permits or easements filed with the Forest Service, showing your attempt to obtain authorization to use the proposed diversion point and conveyance works (ditch) located on the National Forest property.

**Please provide the above requested information within 30 days of the date of this letter to prevent further delay in the processing, or possible voiding of your water right application.** If you have any questions, or if I can be of any assistance, feel free to contact me at your convenience.

Sincerely,

Corey Skinner, PE  
Water Resource Engineer

Enclosure
