Re: Telecon with Corey Skinner, September 13, 2007, Regarding
Applications for Permit to Appropriate Water, Nos. 72-16601 and 72-16710

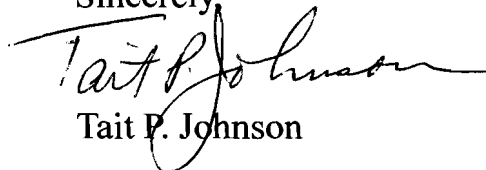

Dear Mr. Skinner:

Thanks for your call yesterday. In this regard, please amend my
applications to appropriate water referenced above as follows:

The acreage to be irrigated should be changed from 2.2 acres to the 1.12
acres of my property within HES583. In the case of Application 72-16601,
it is my understanding that this change should clear the way for its approval
by the Department of Water Resources.

In the case of Application 72-16710, please keep this application pending
while I attempt to get title to the disputed property, or at a minimum an
easement agreement to get access to the river. As I mentioned in our
telephone conversation, all previous owners of the disputed property,
including myself, have claimed ownership and used and developed the
property all the way to the river.

Thanks for your help.

Sincerely,

Tait P. Johnson
