Re: Water Supply Bank Rental Application

Dale acknowledged that he used water in 2007 under the parameters listed on the rental application assuming that it would be approved. Dale requested completion of the rental application and payment on a year-to-year basis. He said his intention is to purchase water rights and file a transfer application to irrigate the lands identified in the rental application. Until the water right purchase and transfer is complete, Dale would like to rent water from the Bank.
