***Re: Barrie Family Partners
Transfer No. 73608;
Petition for Reconsideration***

Dear Shelly:

Enclosed you will find the original and one copy of a Petition for Reconsideration of certain aspects of the recently approved Transfer No. 73608. When the original of the Petition and enclosed copy arrived by mail kindly have your secretary receipt date-stamp the copy and return it to me in the postage prepaid, self-addressed envelope included with that mailing. Kindly contact me if you have any questions. Thank you.

Sincerely yours,

BEFORE THE IDAHO DEPARTMENT OF WATER RESOURCES

IN THE MATTER OF TRANSFER NO.	)	
73608 IN THE NAME OF BARRIE	)	
FAMILY PARTNERS	)	PETITION FOR
	)	RECONSIDERATION
	)	
	)	

Barrie Family Partners ("Barrie"), by and through its attorney, James P. Speck, of Speck & Aanestad, A Professional Corporation, hereby petitions the Idaho Department of Water Resources (the "Department") pursuant to I.C. § 67-5343(3) for reconsideration of its preliminary order titled Transfer of Water Right Transfer No. 73608 (the "Transfer"). In support thereof, Barrie states as follows:

1. On September 20, 2007 the Department issued the Transfer which was then served on Barrie by mail on September 21, 2007. The Transfer changes the point of diversion of Water Right 37-332. However, the Transfer also limits the amount and number of irrigated acres of 37-332

to those recommended by the Department in the SRBA.

2. Brockway Engineering, PLLC, has done field examination of the property and has concluded that 37-332 historically irrigated 28.4 acres within the property now owned by Barrie. Attached as Exhibits A and B are shape drawings of this irrigated area on a 1987 infrared photograph and a 2004 aerial photograph, respectively.

3. The notice of claim filed by Barrie for 37-332 in the SRBA states that 1.0 cfs is diverted to irrigate 30 acres. Barrie accepts the Brockway analysis and will file an Objection in the SRBA asking that 37-332 be decreed for 1.0 cfs and 28.4 acres for its place of use.

4. Condition no. 7 of the Transfer states that the source at the new point of diversion is known locally as the Clearwater Slough. To Barrie's knowledge this is incorrect and it should instead be the Broadford Slough

WHEREFORE, Barrie respectfully requests the Department to amend the Transfer to state that 37-332 provides for the diversion of 1.0 cfs from the Broadford Slough to irrigate 28.4 acres.

Dated this 5th day of October, 2007.
