Subj: Request for information – Change of Ownership

An ownership change was received on March 13, 2007 from Bill Collins, on behalf of Manetta Schrite (former owner). Loretta Sweeney is the new / current owner. During the review, it appears that we requested additional information, being a warranty deed showing where Ms. Sweeney obtained the property; and a map of the property. This request was made on June 6, 2007.

As of October 17, we had not received any additional information. A letter was sent to Mr. Collins again. After looking at the Personal Representative's deed submitted in June, it appears that this would be sufficient proof of ownership. Mr. Collins is the representative for Schrite (former owner), and the deed conveys the property from Schrite to Sweeney.

After talking to Mr. Collins today, he indicated that he would provide a map of the property. He will send back the original ownership change and a map and we will continue processing the ownership change.
