Re: Protested Application For Permit to Appropriate Public Waters of the State of Idaho,
No. 95-9324.

Gentlemen:

Since your application has been protested and prior to the scheduling of a conference or hearing, the Water Resources Department is requesting the following detailed information as to the application's service area:

1. Is lake Coeur d'Alene going to be the sole source of water, or are wells planned for household use?
2. How many homes are planned to be served?
3. If there is going to be irrigation, describe the lot size, yard size, commons area, etc., that will be irrigated in total acres.
4. Engineers estimate regarding water requirements for:
 - a. Domestic
 - b. Irrigation
 - c. Fire protection
 - d. Other
5. Explain the justification for the requested 2.0 cfs diversion from lake Coeur d'Alene.
6. Supply a detailed map, preferably a plat or engineering drawing of the municipality's service area, internal infrastructure and layout.
7. Description of phased expansion, timeline, etc., if any.

Please submit the above information, within the next 30 days so as not to delay this process and if you have any questions feel free to contact either myself or Mr. Robert Haynes at this office.

Thank you.

Sincerely,

Keith E. Franklin
Water Resources Agent
