

## MEMORANDUM

**Date:** October 03, 2007  
**To:** Transfer 73455  
**From:** Allen Merritt  
**Re:** recommendation

---

This transfer was processed in parallel with state office staff. The application was advertised without protest. Comments from the watermaster requested certain measuring device requirements for independent measurement of the uses from the well in Sec 22 so I amended the draft approval. I recommend approval as amended.
