WATER RIGHT NO. 36-16458
As Modified by Transfer No. 73199

CONDITIONS OF APPROVAL

1. The use of water for irrigation under this right may begin as early as March 15 and may continue to as late as November 15, provided other elements of the right are not exceeded. The use of water before April 1 and after October 15 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date a partial decree is entered for this right.
2. Right no. 36-16460 is also diverted through points of diversion described above.
3. The total combined rate of diversion of rights 36-16458 and 36-16460 is limited to 9.26 cfs.
4. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.

WATER RIGHT NO. 36-16459
As Modified by Transfer No. 73199

CONDITIONS OF APPROVAL

1. This right is limited to the irrigation of 2.6 acres within the place of use described above in a single irrigation season.
2. Rights 36-16459 and 36-16461 when combined shall not exceed a total diversion rate of 0.05 cfs, a total annual maximum diversion volume of 20.2 af at the field headgate, and the irrigation of 5.1 acres.
3. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.
4. Prior to the diversion and use of water under Transfer approval 73199 the right holder shall install and maintain acceptable measuring device(s), including data logger(s), at the authorized point(s) of diversion and in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.
5. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
6. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
7. The period of use for the irrigation described in this approval may be extended to a beginning date of 3/15 and an ending date of 11/15 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before 4/1 and after 10/15 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than 1/8/2002 .
8. Rights 36-7651 and 36-16461 are also diverted through the points of diversion described above. This approval does not authorize the construction of additional points of diversion.
9. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
10. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
11. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
