RE: LAPSED PERMIT NO. 57-11659

Dear Permit Holder:

The department acknowledges receipt of your Proof of Beneficial Use ("proof"), the \$100.00 license examination fee, and two documents titled, "Contractors Invoice" and a "Proposal" from Pacific Builders to install a greenhouse. These documents are intended to support reinstatement of this permit. However, these documents do not provide evidence of the beneficial use of the water, therefore, the Department requests additional documentation that will provide that evidence. Appropriate documentation would clearly establish the use of the heating resource and a crop from the irrigation use during the time the permit was active (April 7, 2004 to April 1, 2007).

Please be aware that this permit remains **lapsed** and is of no force nor effect unless it is reinstated. According to Section 42-218a, *Idaho Code*, the Department requires "...sufficient evidence to be submitted by the permit holder to clearly establish the extent of beneficial use made during the time authorized by the permit...."

I will hold this matter for 30-days to receive the evidence this letter requests. If I do not hear from you within that time, I will return the documents you have filed, without reinstatement of this permit. If you have questions regarding this matter, please feel free to contact me at (208) 287-4942 or Jeff Peppersack at (208) 287-4948.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
