

To: Idaho Water Resources

My father, Heber C. Kunz owned land next to Bear Hollow in Bern, Idaho, land now owned by Clyde Cook.

I was born in 1931 and remember that as a young boy our family had a garden on our property and used water from Bear Hollow to irrigate the garden. Later we used the water to irrigate our alfalfa. My father started using the water before 1922 and we (ie. Our family) used the water each year during the summer until the land was traded to Abel Kunz in the late 1960's or early 1970's.

Clyde Cook has copies of the exact date of the land transfer.

If you need additional information, please contact me.
