Re: license review

Neither the POD nor the POU shapes had been created prior to my review. I created them based on the field exam notes and map and Kootenai County tax lot information.

I found that a well had been drilled on this property in 2000 (Tag number:DD 13682, Permit ID: 766137).

The maximum flow was established by a theoretical calculation based on system operation parameters. No measurement was taken at the time of the field exam.
