RE: Permit No. 47-8268B

Dear Property Owner:

I am writing to you about Water Right Permit 47-8268B, which is a portion of a permit that was issued to Jack Wright and Randy Anderson in 1991. The permit is being reviewed for licensing, which is the final confirmation that a water right has been established. Before a water right license can be issued, however, the permit must be amended to depict the water right as it was actually developed. I sent an Application for Amendment form to Mr. Wright and Mr. Anderson, but it was returned by the post office. Because county records indicate that you may now own the property on which the water development occurred, I am writing to give you the opportunity to complete the water right licensing process.

The enclosed Application for Amendment contains information that will be included on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, sign the form and return it with the \$50.00 filing fee as soon as possible.

Water right permits are considered personal property. In order for IDWR to issue the water right license in your name, Mr. Wright and Mr. Anderson must assign the permit to you. I have enclosed an Assignment of Permit form to help you obtain the required information and signatures. The fee for filing an assignment is \$25.00.

If you do not obtain the assignment from Mr. Wright and Mr. Anderson, IDWR may still issue a license if you submit the Application for Amendment and fee. The license will be issued in the name of Jack Wright and Randy Anderson. However, once the license is issued, the water right becomes appurtenant to the land, regardless of the name listed on the document, and you can submit an ownership change notice at that time.

If you have any questions about this information, please contact me at 208-287-4947 or shelley.keen@idwr.idaho.gov. If IDWR does not receive a response within 30 days, the license will be issued for less than could have been allowed if the amendment had been pursued.

Sincerely,

Shelley W. Keen
Water Rights Supervisor
