Re: Evaluation Comments

This transfer proposes to make 15-2070B and 15-7278 into a Permissible Place of Use. The location of the POD will not change. This transfer seems to decrease the amount of acres irrigated by 77 acres.

Authority to File:

Applicant is the owner of record. Deeds have been supplied to show change to name to corporation.

Water Right Validity:

Land being irrigated according to aerial photos. Forfeiture not an issue.

Injury to Other Water Rights:

Not currently in a ground water district.

Transfer will be advertised to determine any protests.

Enlargement of Use:

There is no evidence of enlargement of use.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
