RE: Assignment of Permit for Permit No. No. 67-14517

Dear Mr. Williams:

The Department of Water Resources acknowledges receipt of your Assignment of Permit. Our review of your notice indicates that additional information is required before we can process the change.

☒ **Filing Fee** of \$25 per assignment of permit

☒ **Description of Portion of Water Right** resulting from division of water right

I am returning the assignment of permit for further clarification. It appears that a portion of the permit is to be assigned to Randy Williams. If this is the case, please have the permit holder describe the portion of the permit including the number of acres, point of diversion location and the amount of water in cubic feet per second. The warranty deed submitted also indicates that the property conveyed to you covers only a portion of the permit.

Please resubmit the assignment form with the clarification along with the \$25 fee for processing. Feel free to contact the Department if you have any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read "Emalee Rushing".
