Re: Amendment

10/23/2007 spoke to Kent Foster, applicants attorney, and he verified there will be just two PODs-SWSWSW Sec 24 and NESESE Sec 23.

10/23/2007 spoke to engineer representing applicant, Paul Scoresby, and he indicated there is not a lot # associated with the POD.

Original maps submitted w/ application are now out of date according to 2007 taxlot data. POU imagery is based on original maps and will need to be verified.

At licensing obtain new subdivision name and lot numbers.
