PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 75-7594

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form (proof) submitted for the above referenced permit. The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use of the water, and that it meets the permitted beneficial use.

During my review of your proof and the conditions of this permit, I found that this permit requires, prior to diversion of water, that a lockable controlling device, measuring device, and fish screens be in place. If you have not completed these requirements, please do so immediately. I am enclosing a copy of the permit for your reference.

Also, be advised that Section 42-248, Idaho Code requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office or from the department's website at idwr.idaho.gov.

If you have questions concerning the field examination or the conditions of the permit, please contact the **Eastern** Regional Office of the department in Idaho Falls at (208) 525-7161.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau

Encl.
